Work lights of the future

The sophisticated SCANGRIP work lights are second-to-none and made for real professionals who need the best tool they can get for the task. The full product line-up covers all kinds of work light solutions with superior quality across the entire range. These are lights made for work and built to last.

Latest technologies for best performance

SCANGRIP constantly push back the boundaries of LED lighting and battery technology, creating new cutting-edge work lights. We always reach for that extra brightness, that extra operation time, those little touches that make a real difference when you need the best work light you can get. We guarantee to provide you with only premium products for optimal performance.

Extreme durability and functional design

SCANGRIP work lights are extremely durable and made to do the job again and again. The entire product line is sturdy and endures the really demanding working environment which expose professional workers and their tools to rough, wet, and dirty conditions. The lights are covered by a high IP protection level to resist even outdoor use in all kinds of weather.

Extended warranty

Our lights meet the highest quality standards. They are so good that we offer a warranty extension of 3 years for all SCANGRIP work lights and 5 years for our FOR LIFE work lights. Because we stand by the products we offer.

Reinventing the future of LED work lights

We are taking an ambitious strategic step forward by committing to develop LED work lights with minimized environmental impact while at the same time improving energy efficiency and expanding the lifespan.

The FOR LIFE concept represents a pioneering approach that focuses on reinventing the design and functionality of LED work lights and optimizing energy efficiency to the utmost. With sustainability as the focus point, we have rethought the traditional standards, pushing the boundaries to extend the lifespan of our lighting solutions.

13 of our top-selling work lights have undergone a complete transformation when it comes to visual design and come with a range of enhanced features that provide numerous benefits to the end-user. Read more about the enhancements on page 4.

MAG – *Europe's bestselling work lights even further improved*

// The rechargeable handheld work lights everybody knows – and loves! With significantly improved light output, a battery upgrade and even more functionality, the popular MAG work lights offer great value in every work-shop operation.

The MAG series consists of universal and powerful multipurpose work lights that all professional users must have!

- Significantly improved with higher lumens output
- Integrated work light and flashlight functionality in one
- Strong built-in magnetic holders and retractable hooks for hands-free operation
- New stepless dimmer function

NEW

Upgrade with AUTOLight function

// MAG PRO WIRELESS - more flexibility with AUTOLight + wireless charging pad

MAG PRO WIRELESS has been upgraded. It now comes as a complete set, with the work light and the wireless CHARGING PAD (03.5928) together in one box.

Also, the MAG PRO WIRELESS comes with a new feature called AUTOLight. AUTOLight is built for a grab-and-go workflow. Lift the light off the charging pad and it turns on. Dock it and it switches off. If the power goes out, it turns on immediately. When AUTOLight is activated, the light always starts in the main light mode for a clear, bright start. Need something different? Switch between lighting modes anytime; AUTOLight stays active the whole way.

On the job, MAG PRO WIRELESS delivers strong, even illumination and easy placement wherever you need it. Built-in magnets let you snap it to metal surfaces, while the hooks make hanging easy. Charge between tasks, grab it when it's time to work, and keep your space lit and your workflow smooth.

// Updated and more powerful than ever

Taking advantage of the latest high performance LED technology, the MAG range comprises extremely powerful work lights providing significantly improved light output. Compared to the previous MAG 3 and MINI MAG, the new MAG PROs are upgraded to IP54 and have a new design with battery indicator on front.

// Multipurpose with cool design

The characteristic and elegant design of the MAG hand lamps provides an ergonomic and user-friendly grip. Place anywhere you want with the strong built-in magnetic holders and retractable suspension hooks to obtain complete flexibility. The lamp head is flexible and tilts up to 180 degrees.

// Stepless dimmable

MAG PRO, MINI MAG PRO and MAG PEN 3 are upgraded with a stepless dimmer function in the range of 10 to 100 % that enables you to adjust the light output to the work task.

STAR – *work light and floodlight in one*

// STAR is the missing link between a work light and a floodlight. It is a new multifunction work light that does it all!

- Extremely powerful illumination, up to 1000 lumens
- Rechargeable up to 5 h operation time
- Waterproof IP65
- Ergonomic design for a comfortable, firm hand grip
- Flexible handle for multifunctional positioning and application
- Sturdy handle with built-in magnet
- Direct mounting on the SCANGRIP TRIPOD
- Durable housing made of shock-resistant plastic material

// Multifunctional work light

STAR is designed to be the work light that does it all. The lamp is ergonomically designed to used as a hand held work light. Extending the position of the handle, the lamp transforms itself to be a searchlight.

// Handy floodlight

Due to the extremely powerful light output, STAR is also applicable for illumination of a larger working area, in spite of its small size compared to other floodlights. The handle is designed for direct mounting on the SCANGRIP TRIPOD.

// Flexible positioning

Due to the flexible handle the STAR can stand in different positions to obtain the optimal lighting angle for a specific work task. The handle is also clickable in fixed position to serve as a hook for suspension. Using the powerful built-in magnet in the handle the STAR can be placed in flexible positions on any metallized surface.

NOVA MINI is the perfect choice for professionals seeking a portable lighting solution that can easily accompany them on their tasks. Its compact design and impressive 1000 lumens output, which is exceptional for its size, make it suitable for a wide range of work applications, especially in confined spaces. With an IP65 rating, it is designed to endure demanding work environments.

// SMART GRIP 4-in-1 system

The lamp is supplied with a special, patented SMART GRIP 4-in-1 system that integrates several multi-functions in the same unit. The ring is based on the functionality you know from e.g. mobile phones which makes it easier and more convenient to keep the lamp in your hand for a long time. It relieves the muscles and increases ergonomics.

The clip is designed to fit the work belt and carry the lamp the entire day, and when both hands are needed for a task, the strong built-in magnet can be used for flexible positioning. Furthermore, SMART GRIP can be used as a stand on any available surface.

NOVA R handlamp – *portable, rechargeable work light*

ORIGINAL SCANGRIP
SINCE 1906

// The handheld NOVA R work light provides powerful illumination and high flexibility – perfect to carry around from job to job.

- High-efficiency multi-LED design providing 2000 lumens
- OPTILight setting for optimized light and runtime with a simple touch
- Compact and lightweight design
- Versatile mounting options with powerful integrated magnets
- Resistant to water and dust with an IP67 rating

PRODUCT IMPROVEMENTS COMPARED TO PREVIOUS VERSION

- 13 % efficiency improvement
- 47 % recycled material
- OPTILight functionality
- Dedicated buttons for on/off and brightness levels
- Double temperature surveillance to protect the lamp and battery
- Min. 1000 charging cycles
- Rough service certified

// Portable and universal work light

The NOVA R handlamp is a universal all-around work light designed for the professional user. Featuring the latest high-performance LED technology, NOVA R provides 2000 lumens with uniform and even illumination.

NOVA R is designed to withstand tough work environments, ensuring durability and resistance to water and dust (IP67). The adjustable light output gives you control over the illumination, while the separate indicators for runtime and battery life allow for easy monitoring of operating time and remaining battery power.

VEGA LITE - *a range of LED floodlights*

// Innovative, high performance work lights

The VEGA LITE range consists of 4 high quality floodlights in cool design offering very powerful illumination at an attractive price.

- Powerful, diffused, non-blinding illumination
- Durable housing made of highly shock-resistant plastic material
- Rechargeable and cabled versions available
- For indoor as well as outdoor use
- No fire hazard due to minimum heat production

// Floodlight with 3 colour temperature settings

VEGA LITE COLOUR is developed especially for house painters and other professional craftsmen working on surface preparation, such as filling, wallpapering, and sanding.

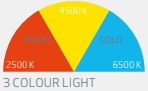

It provides 5000 lumens and features 3 different colour temperature settings including warm (2500 Kelvin), medium (4500 Kelvin), and cold light (6500 Kelvin). Select exactly the colour temperature that suits the work situation best. This functionality is also useful for other indoor tasks, like setting up tiles, ceilings, floors, etc. in the construction industry.

2 power outlets

// Powerful, diffused LED light

The many powerful LEDs of the VEGA LITE floodlights provide a diffused and pleasant, non-blinding, uniform work light, with a large dispersion. The entire range has been upgraded and now provides even more lumens than the previous versions.

// Designed for professionals

The lightweight, sturdy and durable housing of the VEGA LITEs is made of a highly shock-resistant plastic material, constructed for use in the demanding working environment. Contrary to traditional halogen work lights heat production is minimal avoiding fire hazard. The stand is made of powder coated steel and can be mounted directly on the SCANGRIP TRIPOD.

// Unique functionality

The VEGA LITE C+R is with the unique DUAL SYSTEM which means **both** rechargeable **and** with 5 m cable providing complete flexibility and unlimited application possibilities.

// Power outlet

Both the new VEGA LITE COMPACT, VEGA LITE and VEGA LITE COLOUR floodlights are born with power outlet which offers additional functionality in daily use as more lamps can be connected in a string. Also, the outlet can be used as power source for tools and machinery.

AREA LITE CO

// 360° high performance LED work light

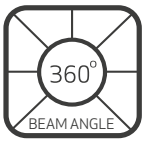

- A must-have universal light for any working site
- Illuminates the entire room and working area
- Powerful, diffused, non-blinding illumination
- Durable housing made of highly shock-resistant plastic material

// Illuminating the entire working area

The AREA LITE CO is a real basic work light especially designed to illuminate the entire room 360° around. The AREA LITE CO provides a diffused and pleasant, non-blinding, and uniform work light with large dispersion. These features are ideal for the demanding craftsman who requires powerful and efficient illumination of not only larger surfaces but the entire room carrying out any kind of repair, paint or construction work.

// Powerful 360° work light

The light output of the upgraded AREA LITE CO has been increased from 4000 lumens to 6000 lumens which is very powerful compared to similar lamps on the market. AREA LITE CO is extremely sturdy and durable and withstands being dropped.

// Flexible positioning

The AREA LITE CO can be positioned directly on the workbench or hang in the sturdy hook from any mounting option available. SCANGRIP mounting stands offer completely flexible lighting solutions; the lamp can be mounted directly onto the TRIPOD without any time spent on fastening obtaining a height of up to 3 m. If you need a mobile light that can be moved quickly from place to place the lamp can be mounted directly on the WHEEL STAND.

EU DESIGN PATENT 4070035

STANDS and SUSPENSIONS

// Designed for direct mounting of work lights without bracket. Made of durable and sturdy powder coated steel for both indoor and outdoor use.

// High stability tripod

The SCANGRIP TRIPOD is indispensable for stationary positioning of the work light for illumination in a specific working area.
The SCANGRIP TRIPOD is extendable from only 1.35 m up to 3 m which gives you complete flexibility to position the light in the requested height.

The stable construction of the SCANGRIP TRIPOD 3M makes it safe even when fully extended. It is supplied with anchor points that provide an opportunity for extra stability if the tripod is exposed to strong wind or standing on an uneven surface. To increase safety when in use, the cable of the lamp can be fixed in the safety clips placed on each separate leg.

- Switch on/off
- Group control function, up to 4 lamps
- Assign pin code

Compliant with iPhone 5 or higher/Android 5.0 or higher. Go to iTunes App Store to download the app or download the app from scangrip.com

// Powerful illumination and BLUETOOTH light control

Based on the newest state-of-the-art LED technology, the SITE LIGHTs provide an extremely high light output and a wide 120° beam angle, ensuring super bright illumination of a large work area. The dimmer function enables you to adjust the light in four different levels, and by using the BLUETOOTH light control app, you can turn on/off the work light and adjust the light remotely through your mobile device. When the work lights are mounted on high masts, this feature reduces the power consumption on an everyday basis as you only use the amount of light necessary to do the job.

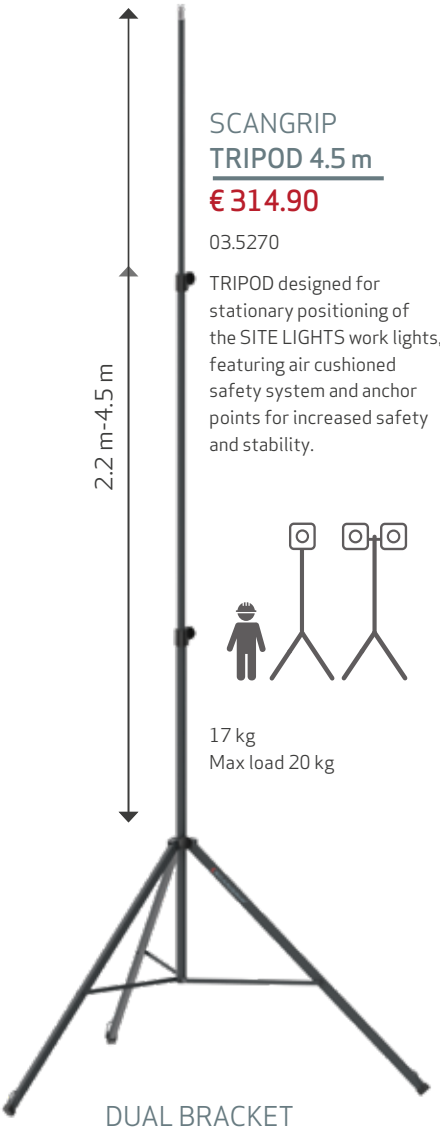

// Compact design for easy mounting

The SITE LIGHTs are designed with a built-in handle for easy carrying and mounting on tripod and masts. They are extremely compact and low weight compared to other solutions on the market, which makes the mounting of the work lights more convenient. The SITE LIGHTs come with 10-meter cable and include a DIN14640 connection adapter with bracket for mounting on a tripod.

// Built to do the job at the construction site

The SITE LIGHTs are completely dust and waterproof (IP65) and tolerate all kinds of weather conditions from -25 to +40 °C. Featuring high-quality components and active cooling, the work lights have a long lifetime and keep a high performance level throughout the day.

HIGH-QUALITY ROPE LIGHTS

// Choose between 15, 25 and 50 metres of durable and cost-effective rope lights

Illuminate the construction site with our cost-effective, high-performing LED rope light designed for illumination in stairwells and corridors, and as orientation lights along walkways. The high demand for this type of product in the construction sector highlights the significant potential of this business segment.

Compared to other solutions on the market, this rope light features a built-in electronic circuit to ensure compliance with all applicable legislation in the area (EMC directive 2014/30/EU).

Choose from three different variants, with options available from 15 to 50 meters, all offering a flexible and durable design suitable for demanding working environments. The rope light is designed for easy and effortless direct connection to the AC mains.

SUPERIOR ROPE LIGHT FOR MAXIMUM SAFETY

// Illuminate your surroundings and stay safe on the worksite with a practical and legal rope light

ROPE LIGHT is perfect for construction site lighting and can be used as both an orientation and work light. With a length of 25 meters and an extremely high light output of 20000 lumens, ROPE LIGHT will provide optimal lighting and maximum safety on the worksite. Compared to the previous model, this ROPE LIGHT has been improved with a practical handle and reel for winding up the rope light.

ROPE LIGHT is ideal where a long, flexible light cable is practical and useful, e.g., where light is needed for repair work inside a tank, pipe, or tunnel, or where more permanent light is needed, e.g., in stairwells during new construction.

It runs on low voltage (48 V DC), which means that there is no risk of electrical shock if the rope should be accidentally pinched or cut. The light rope is made of heat-resistant silicone and is fully flexible, even in extreme cold down to -20 °C. With IP65, ROPE LIGHT is suitable for use in humid working environments. ROPE LIGHT is flicker-free, which means that there is no annoying flicker effect that can be a nuisance during work and, in the worst case, cause misjudgment of rotating tools. It is EMC certified and in compliance with all applicable legislation in the area (EMC directive 2014/30/EU)

// Easy and convenient connection

ROPE LIGHT has a built-in power supply with temperature surveillance and a fixed 1.5-meter connection cable, making it easy to connect to a standard power socket. To avoid overheating, always unwind the light rope completely from the drum before connecting the power. For convenient storage, the power cable can be wrapped around the drum under the light rope when not in use.

Durable silicone bendable down to -20 °C and passed 650 °C glow-wire testing

High IP for use in moist environment

LINE LIGHT – *unique lighting concept*

// LINE LIGHT is a flexible lighting solution for universal application designed for use anywhere where strong, efficient and concentrated light in a specific working area is needed. Now in a new upgraded version with double lumens output.

- Most competitive solution on the market
- "Unbreakable" - extremely sturdy and shockproof
- Waterproof to resist wet and dirty workshop environment
- Low voltage 24 V DC
- Technical lifetime of LEDs 100.000 hours
- Made in Denmark

EU DESIGN
PATENT
1882523

// Bright illumination exactly where you need it

By means of a built-in prism, LINE LIGHT concentrates the light in a 75° beam angle providing an extremely bright and powerful illumination of the specific working area. Blinding during work is avoided, and the lamp itself can be turned to provide the optimum lighting angle.

// Innovative LED technology

The LINE LIGHT series is based on the newest state-of-the-art LED technology and provides much more light compared to the traditional 36 W fluorescent tubes which are commonly used within the industry.
The quality of the light is extremely powerful, like daylight which is optimum for precise recognition of colours, shades and other product details. The uniform, flicker free illumination without strobe effects also minimizes the risk of accidents.

// Extreme durability

LINE LIGHT is constructed by a closed "unbreakable" extruded acrylic profile which makes it extremely sturdy and shockproof to endure even strong strokes, shocks and vibrations from industrial machinery.
LINE LIGHT endures the rough, wet and dirty conditions of the professional working environment within the industry and is resistant to both oil and chemicals. The IP67 classification means that it is resistant to both dust and water. LINE LIGHT is completely maintenance free.

// Reduced power consumption

Compared to traditional fluorescent tube lighting, the electricity consumption is considerably reduced when using LINE LIGHT which presents serious cost savings on electricity.

// Dimmer

With the dimmer function it is possible to adjust the light intensity stepless from 1-100 % to meet individual working conditions. LINE LIGHT 2-POST and LINE LIGHT 4 are delivered incl. dimmer, and can also be bought separately and retrofitted on all existing LINE LIGHT installations.

FLEXIBLE MAGNETIC SUSPENSION

COMPLETE lighting solution for automotive lifts

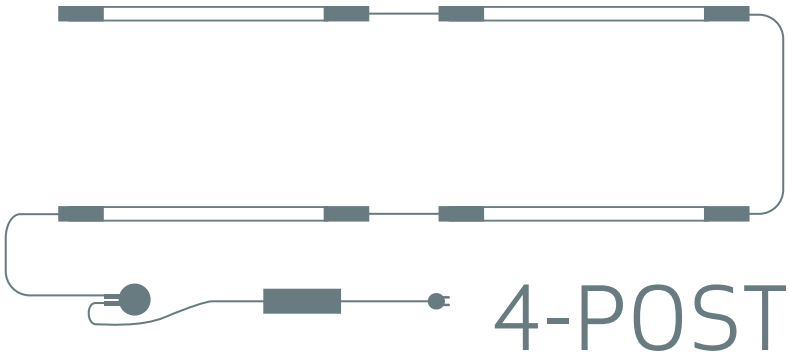

- Extremely powerful illumination of working area - improved lumens output
- Improve work efficiency and working conditions
- Avoid blinding the mechanic during work
- Adjustable lighting angle

// Compact design

Compared to traditional 36 W fluorescent tubes, LINE LIGHT provides an extremely bright and powerful illumination of the entire undercarriage. The slim and compact design leaves space for the center jack to pass.

// Easy DIY installation

As LINE LIGHT is a low operating voltage (24 V DC) system, you can easily do the installation yourself. All basic fittings are supplied with each kit together with power supply and cable. The pre-defined LINE LIGHT kits are considered universal and will fit the majority of all automotive 4-post lifts, regardless of the manufacturer or brand.

4-POST LIFTS

BEAM ANGLE 75°

Blinding of the mechanic during work is avoided, and the lamp itself can be turned to provide the optimum lighting angle during work.

Example of LINE LIGHT solution mounted in a truck mechanic's pit

LINE LIGHT 1
€ 241.90

03.5203

1 complete lighting unit 1630 mm incl. 25 W power supply, cable and suspension providing 2750 lumens

LINE LIGHT 2
€ 393.90

03.5202

2 complete lighting units 1234 mm each providing 2000 lumens, incl. 80 W power supply, cable and suspension

LINE LIGHT 4
€ 1009.90

03.5201

4 complete lighting unit 1630 mm each providing 2750 lumens, incl. 80 W power supply, cable, suspension and dimmer function

LINE LIGHT 6
€ 1514.90

03.5200

6 complete lighting units 1630 mm each providing 2750 lumens, incl. 2 pcs 80 W power supply, cable and suspension

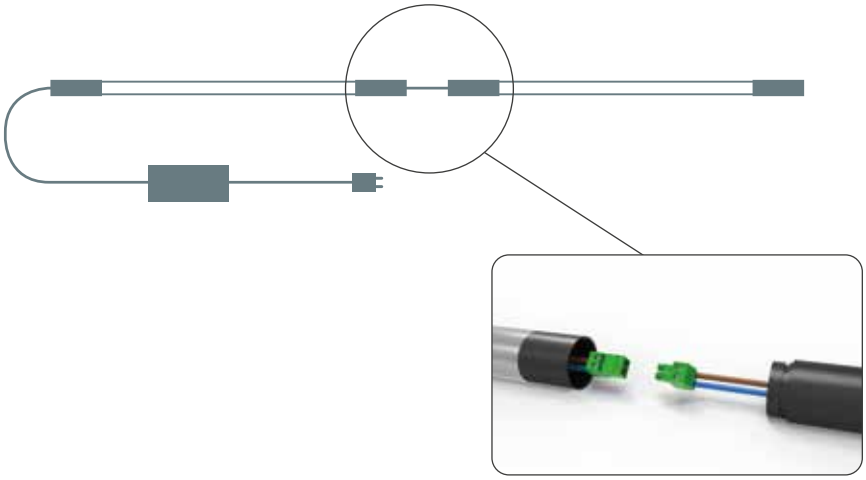

FLEXIBLE lighting units for customized installations

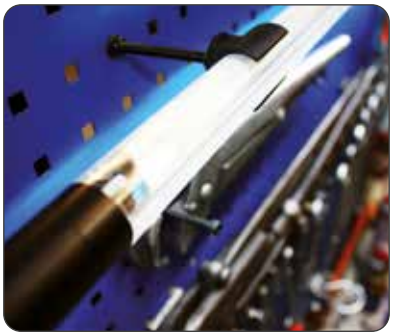

ORIGINAL SCANGRIP
SINCE 1906
MADE IN DENMARK

The LINE LIGHT lighting units are available in different lengths which can either be used alone or connected in a string to fit all kinds of application.

The lighting units can be combined exactly the way you want offering a flexible lighting solution.

// Flexibility that meets your specific needs

Combine lighting units with power supply, cable and suitable suspensions. A range of flexible suspensions makes it possible to position the lighting units exactly where you need it.

DESIGN YOURSELF

LINE LIGHT 75
€ 120.90

03.5221

Lighting unit 838 mm
providing 1250 lumens

LINE LIGHT 120
€ 201.90

03.5222

Lighting unit 1234 mm
providing 2000 lumens

LINE LIGHT 160
€ 231.90

03.5223

Lighting unit 1630 mm
providing 2750 lumens

LINE LIGHT 200
€ 272.90

03.5224

Lighting unit 2027 mm
providing 3500 lumens

Embracing a more sustainable mindset

SCANGRIP is taking a strategic step forward to reinvent how professional LED work lights are made and how they impact the environment.

The FOR LIFE concept marks a new approach to designing LED work lights that are more long-lasting. As part of this sustainability focus, products marked with the FOR LIFE symbol have undergone a complete transformation when it comes to visual design and enhanced features.

Nordic Swan Ecolabel

Recycled materials have been incorporated wherever physically possible in both the product design and packaging. The packaging is made from 100 % recycled materials and completely free of any plastic parts. Moreover, our printed brochures carry the Nordic Swan Ecolabel.

These changes represent just the first steps in our ongoing dedication to innovation and environmental responsibility.

Combine LINE LIGHT lighting units with power supply, cable and suitable suspensions.

A range of flexible suspensions makes it possible to position the lighting units exactly where you need it.

WORK LIGHTS

SCANGRIP®

ORIGINAL SCANGRIP

SINCE 1906

SERIOUSLY GOOD WORK LIGHT

As Europe's leading manufacturer of work lights for professionals, SCANGRIP knows that serious work takes seriously good work light.

For over a decade, SCANGRIP has set new standards in premium work lighting. Built on Danish engineering expertise and a strong commitment to innovation, SCANGRIP develops and manufactures high-performance work lights for skilled tradespeople who depend on reliable, powerful illumination every single day. The purpose is clear: to help professionals work smarter, faster, and with uncompromising accuracy, whether installing, inspecting, repairing, or building.

Lighting solutions are developed closely with industry professionals - the everyday experts who know what is needed when work gets tough. Their experience drives continuous improvements in light output, battery performance, durability, ergonomics, and user-friendliness, ensuring work lights perform like reliable teammates, year after year.

Founded in 1906, SCANGRIP builds on a long heritage of quality and craftsmanship. As part of Hultafors Group, SCANGRIP shares a mission to create a better day for professional users.
