INNOVATION FROM DENMARK

FLASH 1000 R

Powerful and rechargeable flashlight with boost mode

ORIGINAL SCANGRIP
SINCE 1906

FLASH 1000 R is very sturdy and of extraordinary high quality designed for the professional user. With significantly improved light output, a compact design and even more functionality, the flashlight is a true sidekick throughout the work day.

The flashlight features a magnetic on/off switch with boost mode that enables you to increase the light output from 500 to 1000 lumen. Hold down the on/off switch for two seconds to activate boost mode. The flashlight automatically turns to NORMAL mode after 60 seconds.

By means of the focus function you can vary the beam angle from 10° to 60°, from concentrated and focused light beam angle to long-distance light. Light output reaches up to 250 m.

FLASH 1000 R is delivered with a practical silicone wrist strap and clip-on holster to carry it along during the work day. The housing is made of anodised aluminium for high durability and an ergonomic and safe grip. Waterproof, IP54.
