

RETRO LITE

360° LED handheld work light

A

// Most powerful 360° work light

RETRO LITE takes advantage of the latest high performance LED technology providing as much as 1600 lumen which is extremely powerful illumination.

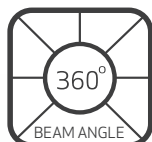

// Illuminating the entire working area

RETRO LITE is basically a re-thinking of the original hand-held globe light which is traditionally used and beloved everywhere in the world in all kinds of industries.

// Cool design

The contemporary design of the traditional electric hand lamp features ergonomic, soft forms and round edges. The design makes sure the lamp fits perfectly in hand and the hook fastenings make sure you have both hands free

- Illuminates the entire working area
- Position as you like with 2 opposite hooks
- Powerful, diffused, non-blinding illumination
- Durable housing made of highly shock-resistant plastic material

// 360° Illuminating the entire working area
