

# AREA 10 SPS

## High efficiency 360° area work light with exchangeable battery

AREA 10 SPS is the world's first compact and portable area work light with exchangeable battery. Providing a diffused and uniform light up to 10,000 lumen, it is ideal for the professional user who requires powerful and efficient illumination of the entire work area carrying out any kind of repair, paint or construction work.

Change between 360° and 180° illumination

The compact design with a carrying handle makes it extremely handy and easy to move around. Change between 360° and 180° illumination according to the work task. The built-in dimmer function enables you to adjust the light output into five different levels.

AREA 10 SPS is supplied with the innovative SCANGRIP POWER SOLUTION system, providing high flexibility and unlimited availability to light. You can easily exchange the battery or simply add the charger directly to the lamp to get power supply. The integrated battery backup function prevents you from being without light at any time.

With the integrated BLUETOOTH light control you get an extraordinary possibility to turn on/off the work light and adjust the light output through your mobile device. This feature saves time from manual operation and increases work efficiency on a daily basis.

AREA 10 SPS is supplied with a hook for flexible positioning and can be mounted directly on the SCANGRIP TRIPOD.

Dust and waterproof, IP65, and supplied with a built-in power bank with USB outlet to charge mobile devices.
