SERIOUSLY GOOD WORK LIGHT

SLIM

Ultra-thin rechargeable work light

ORIGINAL SCANGRIP

SINCE 1906

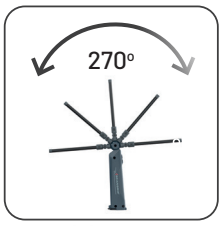

EU DESIGN PATENT PEND.

SLIM is an USB-C rechargeable LED work light that offers the perfect combination of convenience and versatility. It is a 3-in-1 solution that serves as an inspection light, work light, and flashlight - all in one compact and portable handlamp.

With the ultra-thin design of the light strip (only ø9 mm), it is perfect for reaching the most narrow and inaccessible work areas. This makes SLIM ideal for very demanding and difficult inspection jobs.

It has a built-in magnet and hook, as well as a flexible 100 % foldable body that offers flexible positioning options. The design allows for traditional hand-held use, and its compact size ensures portability anywhere. When folded, it easily transforms into a flashlight that provides a firm grip. In addition, a user-friendly battery indicator keeps you informed about the battery level.

OPTI Light
Optimized light. Superior runtime.

Powered by a high efficiency multi-LED design of 20 LEDs, SLIM offers an adjustable light output up to 500 lumens. The top spotlight provides a focused beam of 150 lumens. The OPTILight setting delivers the required illuminance (LUX) in a typical work situation, ensuring optimized light and runtime with a simple touch. This work light provides a constant lumen output performance measured according to the European standard EN 13032-1.
